

HIPAA Compliance Advisors

The PLAN

HIPAA regulations state that a healthcare provider needs to demonstrate a "**good faith effort**" toward becoming compliant with the HIPAA Privacy and Security Rules & Regulations.

Although some of the deadlines for compliance have passed, many small Michigan pharmacies are not yet fully compliant.

Let us help you!

The PROCESS

The HCA process consists of assisting clients with a few simple steps. These include:

- ◆ **Compliance Assessment**
- ◆ **GAP Analysis Report**
- ◆ **Proposal and Action Plan**
- ◆ **Periodic Audits**

By developing and implementing an Action Plan, you demonstrate a "**good faith effort**" toward HIPAA compliance.

We provide everything that you may need to become fully compliant, including:

- Policies
- Procedures
- Training Material
- Forms Templates
- Resource Material
- Professional
- Consultants

The OFFER

The HIPAA regulations require an annual audit of your pharmacy compliance program. This can be completed either as a self audit or performed by an external organization. Why do it yourself when we can provide it for you!
